

Cut-Off Devices

«AA-2000/AA-5000»

«AA-5000»

Automatic end cutter with automatic lifting movements as well as stationary support. Optionally available with hand operated stop rail for efficient cutting of the same fabric lengths. Preferentially installed on the approved, solid POLYTEX cutting tables.

«AA-2000»

Hand operated end cutter, equipped with guide rail. Optionally available with hand operated stop rail.

Roll-off Cradle «RM»

Simple unrolling device for fabric rolls, equipped with adjustable lateral stops and free-wheel brake. Movable execution on rollers optionally available.

Technical Data	AA-2000	AA-5000
Cutting Machine	ST-2000	ST-5000
Cutting height	≤ 16 mm (⁵ / ₈ ")	≤ 16 mm (⁵ / ₈ ")
Fabric width	≤ 1600 mm (63")	≤ 1600 mm (63")
Knife Ø	110 mm (4 ³ / ₈ ")	130 mm (5")
Power consumption	170 W	200 W
Table width	1800 mm (71")	1800 mm (71")
Table height	900 mm (35 ¹ / ₂ ")	900 mm (35 ¹ / ₂ ")

Technical Data	RM
Fabric width	≤ 1600 mm (63")
Fabric roll diameter	≤ 500 mm (20")
Loading height	750 mm (30")
Dimensions	
– Length	1820 mm (72")
– Width	600 mm (24")
– Height	900 mm (35 ¹ / ₂ ")
