

## Card and cap printer

«DT4»

- Today, even in colour print: Just-in-time production of sample cards and hangers thanks to laser printing technology
- Prints directly from any Microsoft® program directly on cardboards of up to 0.5 mm thickness
- 2400 dpi print quality in black/white and or colour on almost every surface
- Printing of article numbers, combinations, washing symbols, barcodes, photos, scans, manufacturer's tradenames – DT4 gives you total creative liberty
- Unmatched price alternative by inhouse printing and much faster in comparison with external typographic production
- High productivity with an output of up to 1000 cards per hour

### Technical Data

Print technology	COLOR LASER	
Print colours	C/M/Y and black	
Print finishing	primer	
Types / Graphics	infinitely variable	
Output per hour	black/white	≤ 1000 caps/cards
	colour	≤ 800 caps/cards
Printable surface	≤ 310 x 1180 mm	
Printing process	Digital LED / 4 drums	
Printer control	Windows 95/98/2000/XP®	
Cap or card size	min. 78 x 130 mm	
	max. 329 x 1200 mm	
Paper quality	≤ 400 g/m <sup>2</sup>	
Magazine height	~ 200 mm	
Card feeder	automatic	
Dimensions	L x W x H	~ 670 x 625 x 475 mm
Net weight	75 kg
