

## Automatic Yarn Winding Machine

«FM»

**High performance yarn winder for standard tabs 17 x 71 mm (5/8" x 2 3/4") and large serial collections. Equipped with programmable logic controller (PLC), large cardboard tab magazine, fully automatic loading, yarn supervision and ejector of finished samples.**

### Technical Data

Dimensions of yarn samples	width 17 mm (5/8") length ≤ 29 mm (1 1/8")
Dimensions of cardboard	width 17 mm (5/8") length ≤ 71 mm (2 3/4")
Dimensions of stainless steel web	width 16 mm (5/8") length ≤ 90 mm (3 1/2")
Winding length	≤ 29 mm (1 1/8")
Pitch/rev.	0.08-0.7 mm
Output/h (samples)	≤ 1'000
Drive	electric
Weight	~ 65 kg (143lb.)
